

# How to read your Patrol Team List and Patrol Roster

There are three (3) separate documents that you will need to be aware of to understand patrolling this season. The first is the **Patrol Roster**, the second is the **Sunday Patrol Teams**, the third is the list of all the **Reserve Active**, patrolling **Long Service** and **Life members**. Each patrolling club member will have a copy of each mailed to them, they can also be located on the club's website on the patrol roster page, plus there is a copy on display at the club in the members corridor and in the gear shed.

What follows is an explanation of the patrol documents, if you are still in doubt, please contact your Life-Saving Co-ordinator or Club Captain.

This is an extract from the **PATROL ROSTER** page on the club's website. **Caves Beach Patrols 2009/2010 (patrol teams, roster and YTD patrol hours)**  
 Patrols rosters are subject to change as membership changes. Refer to this website for changes that may happen.  
 This year's season commences on Saturday 2nd October 2009 and finishes on the final weekend of April 2010.

It is important to realise that we setup dedicated patrol teams for all Sunday patrols, while Reserve Active and Long Service members are used for Saturday Patrols. This said, all members of Sunday patrol teams will have to do at least one Saturday patrol. This is the grey column on the Patrol Teams Listing. If you have any problems understanding the roster or the patrol teams, please do not hesitate your LifeSaving Co-ordinator Ben Dean or Club Captain Richard Pembroke.

Some patrol teams do not have a dedicated IRB crew. The members listed here are assigned to that patrol team for this single patrol.

To determine the dates that the Sunday patrol teams are on patrol, find your patrol team number, then follow that column down to see each time you are on Sunday patrol.
